SUBJECT: Emerg West - Rilda Canyon Haul Test

TOTAL PAGES INCLUDING COVER PAGE: 2

COMMENTS:

This is a copy of my email message sent 9/24/99.

The Forest Service has no objection to UDOGM approval of the test scheduled for Monday 9/27. The test will provide needed information on the feasibility of hauling and maneuvering the proposed vehicles on the fan pad prior for further evaluation of their proposed mine plan amendment for long-term hauling.
